## PROFILE

Hi i'm Anthony Farruggio, I am modeller and animator based in Brisbane, Australia. Currently I am working towards a Bachelor of Animation at SAE Qantm. With every project I have participated in my wealth of knowledge and skills continue to expand. I am not afraid to try new techniques or programs when they present themselves and I am able to adapt and learn new software quickly. Whatever project I am given I give 110% and try my best to get the best possible outcome no matter what.
